All residents are encouraged to be certain emails, letters and direct web comments are completed and sent to the commissioners at the Arizona Corporation Commission to ensure defeat. Local groups are not able to defeat the consolidation initiative; only rate payers are able to accomplish this. You may email or mail the letter below.

Comments:

*There are Sun Citizens who have declared that they would NO LONGER be able to reside in Sun City if there is a rate increase due to consolidation. They came here 10 to 15 years ago or less on a FIXED INCOME.*

Docket Nos SW-01303A-09-0343  
W-01303A-09-0343

Dear Ms Bitter Smith,

I attempted to meet with you to discuss these questions below but your assistant called me to say your schedule was too full. Please would you respond from the ACC's perspectives.

- 1 Will complete, accurate, up-to-date, audited information be required for rate setting?
- 2 For both water and wastewater?
- 3 What public information will Epcor be required to provide to consumers to support their annual charges?
- 4 What form of access will be provided to the information?
- 5 Hardcopy printout? If so, how long will this take to prepare?
- 6 Can Epcor be required to provide immediate online, internet access to information?
- 7 Automatically and permanently kept up-to-date at all times?
- 8 What info will be provided to show if Agua Fria was set up fairly as a viable district?
- 9 Annual expenses and average/year end number of consumers?
- 10 What info will be provided on NW Valley Plant to show if Agua Fria's allocation was fair?
- 11 Annual expenses and average/year end number of consumers?
- 12 What districts shared in these expenses and what was their allocation?
- 13 Whose responsibility is it to pay to prepare the information for the public and consumers?

- 14 The utility company as a standard and expected business expense?
- 15 Just as they provide and pay for their billing and accounts receivable systems?
- 16 Just as they provide and pay for their own premises and other general expenses?
- 17 What tasks will Epcor perform to charge of \$350k to consumers to prepare information?
- 18 What manual steps will Epcor complete to justify charges of \$80k to separate costs of each community from total Agua Fria total costs?
- 19 Why can these steps not be automated on computer, using proportional criteria acceptable to the ACC, such as current value of plant, annual income and expenses, or number of consumers?
- 20 What information will be provided to show combined wastewater costs of Sun City West and Agua Fria?
- 21 What reimbursements will be paid to Agua Fria?
- 22 How much have Arizona American and Epcor charged Agua Fria for information preparation since Agua Fria was set up?
- 23 What legal and other administration costs have Arizona American and Epcor charged Agua Fria during this period?
- 24 Will estimates of future plant update costs in dollars be converted into projected rate increases?
- 25 Will comparative monthly plant performance information be provided?
- 26 Will water and wastewater rates for each district be provided for the last 5 - 10 years?

Yours sincerely,

Fred G. Botha
